What is UCOWR? Universities Council on Water Resources institutional members and delegates are leaders in water resources related research and education and represent various fields of natural and social science. UCOWR publishes the *Journal of Contemporary Water Research & Education*. <http://ucowr.org>

What is NIWR? The National Institutes for Water Resources provides a national platform for research, training, and collaboration needed to manage our water resources. Housed in the country's top land grant universities, NIWR's institutes are uniquely positioned to assist state and federal governments in advancing sustainable management of our water supply. <https://niwr.net/public/Migration/niwr.net>
